

Cooperation between Perlen Packaging and MP Matrix

Dear Sir /Madam,

Perlen Packaging and MP Matrix are very pleased to announce that agency agreement has been reached to cooperate for the sale of the PERLALUX® range of pharmaceutical blister films in the Japanese market.

Perlen Packaging, with production sites in Switzerland, Germany and USA, is one of the leading global suppliers and innovators in the field of thermoformable rigid films for the primary and secondary packaging of pharmaceutical products.

MP Matrix Co.,Ltd, headquartered in Tokyo, is a company operated by professional staff with excellent knowledge of Perlen's products and long experience in packaging materials for the pharmaceutical field.

We are looking forward to working together to serve the Japanese pharmaceutical market by supplying Perlen's high quality and globally recognized blister films. We assure you our fullest technical and commercial support at all times.

***Please visit us at the Interphex exhibition in Tokyo from 27th to 29th June 2012
East Hall, Booth 11-7***

Yours faithfully,

Perlen Packaging
